Introduction

The Heavy-Duty Pen

This pen achieves numerous features with a pressurisation mechanism that expels the ink from the pen point.

- Easy to write in the upright position, a feature never before possible with conventional pens.
- Smooth and clear write on wet paper or even in outer space where there is no gravity.
- No skipping or blurring even when writing quickly.
- Cold resistant ink that will not freeze in temperatures as low as -20°C
- Perfect for businessman, reporters, students, technicians, researchers, etc. who are on the go.
- Clear writing even when lying in bed.
- Monitor the ink supply with a transparent pressurised refill.
- Comfortable fit with a grip that adheres to your fingers.
